Subject:	Thank You

Dear Ehud,
I can't begin to tell you how deeply appreciative the entire Aspen community was to have you and Nellie join us for Aspen Ideas Festival. By all accounts you hit a home run with the multiple constituencies who were present. I was so pleased we were able to broker the quiet discussion with you and Valarie Jarret and the many LA, Chicago, Texas constituencies who are so interested in our Middle East issues. You talk with Tom Friedman, as always, was just great.
What is there to say, but a deep thank you for your long standing friendship. I remain a trusted a committed partner in our journey toward peace and security for Israel and hope that you and I will find the opportunity to work closely again in the near future.
Stay in touch,
-- All the best,
